

## National Hispanic Council on Aging (NHCOA)

### Empowerment and Civic Engagement Training (ECET)

Developing leadership and fostering civic engagement in the Hispanic community is one of NHCOA’s most important activities. NHCOA’s Empowerment and Civic Engagement Training (ECET) helps Hispanic older adults, their families, caregivers, and grassroots leaders to become their best advocates when it comes to policies and programs that have an impact on Latino families at the local, state, and federal level.

The ECET’s culturally and linguistically competent curriculum is specifically designed to inspire, motivate, and provide participants with the tools and resources to advocate for policies that advance the community in the areas of economic security, health, housing, and leadership development.
